

Datasheet

ChargingPlate for 8x QuikSpot

Date: 25-April-2025 Version: 2.0

The fastest way to charge 8 QuikSpot units. Just place them upside down into a wired charging plate to start the contactless charging operation. The charging plate is designed to be placed inside cases so that the light can be charged inside. Optionally, you can connect a PrepBox to enable setup and preparation inside the case within seconds.
